

# Jeff Stolz

Product Designer | jeffstolz.github.io

I work with teams from early conception through implementation to create simple and powerful experiences. I thrive in small, collaborative, cross-functional teams.

## Experience

### Senior Product Designer

Thoughtbot | 2018 - 2021

- Led cross-functional teams for MVP design & development
- Facilitated design sprints with internal and customer teams
- Drove agile process improvement efforts for client teams
- Created & evangelized design systems for customers
- Coded in React, React Native, Ruby on Rails, and Elm
- Co-facilitated an over 100 attendee design summit

### Design Lead

Mobile Heartbeat | 2017 - 2018

- Led redesign of all iOS, Android, and web applications
- Helped grow the active user base by 30% in 18 months
- Started and scaled design team to 3 designers
- Interviewed and shadowed clinicians across the country
- Earned acceptance into the Apple Certified Partner Program

### Senior Design Consultant

Pegasystems | 2016 - 2017

- Established a design system used by over 50 developers
- Led design workshops with customer teams
- Earned the Pega System Architect certification

### UX Designer

HMH Labs | 2013 - 2016

- Designed HMH Marketplace, users included Microsoft & Google
- Coded in Ruby on Rails and participated in design sprints
- Completed the Firehose Coding Bootcamp

### Freelance Designer

Jeff Stolz Design | 2011 - 2013

- Designed web and native mobile apps
- Developed Wordpress and HTML/CSS sites
- Designed a premium beer series for Boston Beer Works
